Term: June 2008 – June 2010  
Assistant Clinical Nursing Professor  
Auburn University School of Nursing  
Auburn, Alabama  
[goreter@auburn.edu](mailto:goreter@auburn.edu)

I graduated from Jacksonville State University with a BSN and the University of Phoenix with a MSN. I am currently attending the University of Alabama-Birmingham for a FNP and DNP. I work at Auburn University School of Nursing as an Assistant Clinical Professor. I became involved in academia in 2002. I teach holistic assessment and the peri-operative elective, along with multiple clinical. I became involved in the restructuring of our school resource lab and use of simulation in 2006. In 2007, I was introduced to the list serve function of INACSL by a fellow faculty member. I joined and wanted to become more involved in the professional organization to advance my knowledge of the field. I was elected the at-large member representative to INACSL Board in 2008. I am currently involved in research with the use of a mock hospital unit for beginning nursing experience and incorporating simulation across the continuum.

I have a very supportive husband of 20 years, John, and two sons, Josh 18, and Mark 5. We enjoy keeping up with each other and family adventures.

I look forward to serving the members of the organization. My contact information is [goreter@auburn.edu](mailto:goreter@auburn.edu) or 334-844-7360.
